The Sibylline Oracles (Annotated Edition) - Milton S. Terry - 2012
This is the extended and annotated edition including * an extensive annotation of almost 10,000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl "who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods." The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments of them remain.

Josephus - Flavius Josephus - 2014

Josephus - Flavius Josephus - 2014

Flavius Josephus - Flavius Josephus - 2004
Flavius Josephus is without a doubt the most important witness to ancient Judaism from the close of the biblical period to the aftermath of the destruction of the temple in 70 CE. His four surviving works--Judean War, Judean Antiquities, Life, and Against Apion--provide the narrative structure for interpreting the other, more fragmentary written sources and physical remains from this period. His descriptions of the Temple, the Judean countryside, Jewish-Roman relations and conflicts, and groups and institutions of ancient Judea have become indispensable for the student of early Judaism, the Classicist, and the reader of the New Testament alike.

The priestly aristocrat Josephus was born in 37 CE and died around the year 100. After fighting against the Romans in the war of 66-74 and surrendering in the earliest phase of the campaign, he moved to Rome where he began a productive literary career. His four surviving works in thirty Greek volumes are widely excerpted for historical purposes, but still not often read in their literary and historical contexts. This project aims to assist every serious reader of Josephus by providing a new literal translation, along with a commentary suggesting literary and historical connections. Please note that Judean Antiquities Books 1-4 is also available in hardback, ISBN 90 04 10679 0 (still available)

Against Apion - Flavius Josephus - 2015-07-31
I SUPPOSE that by my books of the Antiquity of the Jews, most excellent Epaphroditus, have made it evident to those who peruse them, that our Jewish nation is of very great antiquity, and had a distinct subsistence of its own originally; as also, I have therein declared how we came to inhabit this country wherein we now live. Those Antiquities contain the history of five thousand years, and are taken out of our sacred books, but are translated by me into the Greek tongue. However, since I observe a considerable number of people giving ear to the reproaches that are laid against us by those who bear ill-will to us, and will not believe what I have written concerning the antiquity of our nation, while they take it for a plain sign that our nation is of a late date, because they are not so much as vouchsafed a bare mention by the most famous historiographers among the Grecians. THE family from which I am derived is not an ignoble one, but hath descended all along from the priests; and as nobility among several people is of a different origin, so with us to be of the sacerdotal dignity, is an indication of the splendor of a family. Now, I am not only sprung from a sacerdotal family in general, but from the first of the twenty-four courses; and as among us there is not only a considerable difference between one family of each course and another, I am of the chief family of that first course also; nay, further, by my mother I am of the royal blood; for the children of Asamoneus, from whom that family was derived, had both the office of the high priesthood, and the dignity of a king, for a long time together. I will accordingly set down my progenitors in order. Aeterna Press

The Jewish War or Judean War, also referred to in English as The Wars of the Jews, is a book written by Josephus, a Roman-Jewish historian of the 1st century. Divided into seven books, it opens with a summary of Jewish history from the capture of Jerusalem by the Seleucid ruler Antiochus IV Epiphanes in 164 BC to the first stages of the First Jewish-Roman War (Book I and II). The next five books detail the unfolding of the war, under Roman generals Vespasian and Titus, to the death of the last Sicarii. The book was written about 75 AD, originally in Josephus's "paternal tongue," probably Aramaic, though this version has not survived. It was later translated into Greek, probably under the supervision of Josephus himself.
